SATURDAY, JAN. 12, 1907.

France has led in the submarine boat
building; also in sending the boats be-
low surface never to return.

Raise the salaries and renebrate the
debts is the policy Hawaii County has
laid on the wall for the time being.

When two years' rain is delivered in
one month of the third year, it is cer-
tain to be delivered in continuous
bunches.

Delegate Kuhio appears to have made
the mistake of minding his own busi-
ness and not advertising his ill health
to create sympathy.

Every merchant should not only re-
new his subscription to the Promotion
Committee. He should double it. The
return will be triple the small sum he
disgorges.

If Judge De Bolt's decision is not a
McCandless decision from start to fin-
ish, then the honorable Judge has been
careless in the use of words to express
his opinion.

Decision of the Promotion Commit-
tee to advertise abroad with bill post-
ers is accepted with the hope that no
community will look upon Hawaii with
the disfavour Honolulu meted to the
pickle sign.

Japanese development associations
for the Philippines would be hailed
with delight at any other time. And
when the people recover their ability
to think straight, the element of sus-
picion will be eliminated.

An educational commission free from
personal axes to grind will include a
good representation of educational
workers with experience in the public
schools, concerning which the pro-
posed commission claims to be solicit-
ous.

The volcano Mauna Loa appears to be
treating the district of Kau to one of
its old time shake-ups. The moun-
tain is obviously weakest on the Kau
side and a lava flow will not be sur-
prising, as the period of quiet has been
a long one.

The Bulletin publishes today the
complete report of Secretary Metcalf
on the San Francisco school question.
We recommend careful reading of this
document by all citizens and especially
those who talk learnedly on conditions
in San Francisco without having taken
the trouble to get at the facts from in-
dependent authority.

Cable report from Los Angeles says
arrangements are "completing" for the
new steamer line between San Pedro
and Honolulu. May all difficulties be
so speedily overcome that arrange-
ments will be reported as completed.
Honolulu has had some experience and
understands the vast difference be-
tween plans on hand and plans com-
pleted, and the ship started.

Having convinced citizens of the
mainland that volcano and earthquake
fakes are fakes, the romancers of Ha-
waii are turning their attention to the
Japanese question. One of the results
is the statement by the New York Her-
ald that citizens of Honolulu and the
island of Oahu are very apprehensive

lest a speedy outbreak of war shall
land there in a most uncomfortable po-
sition. The cause of this conclusion is
the rapid repetition of the Japanese
regiment story.

Hilo has been to the occasion and
given a hearty endorsement to the Con-
sular Conference. This is not only a
fair return for the effort Honolulu has
expended for the Hilo breakwater, but
it shows a growing spirit of coopera-
tion. The tide was when a request for
Hilo to do something for the common
good was met by the sheriff at the
wharf and a body of alarmed citizens
armed with bricks to await every-
thing bearing a Honolulu hall mark.
Working along in the modern Hono-
lulu-Hilo style, we should be able to
secure the Conference, the breakwater,
and the military post for the island of
Hawaii, with the refund bill thrown in.

SUPERVISOR SALARIES.

The vote of Hawaii County's out-
going Board of Supervisors in favor of
increased salaries for their successors
in office meets with a prompt and very
timely negation from the Hilo Trib-
une. "Simply absurd," expresses the
Hilo opinion. Honolulu might add,
"Ridiculously absurd." And every
other County second the motion.

The Tribune holds that "The mere
matter of a raise of \$50 a month is
not in itself a serious matter, but the
principle involved is a serious one." This
principle it set forth as embodied
in the fact that the Supervisors do not
render services worth \$100 a month.

As regards the worth of the Super-
visorial services each County has to
judge for itself. A Supervisor who
does his full duty should certainly
give \$100 a month. A man is supposed
to have some regard for the duty he
owes the public under the heading of
the responsibility of citizenship. All
action should not be based on pickings
of office.

The Supervisor who is not worth
\$100 a month will serve the people
better by working on the road at a
dollar a day. But there is no reason,
under a proper interpretation of his
duty, why he should be paid that
amount.

The public officer or the employee
of a private concern who is not worth
more than he is paid, or does not con-
stantly strive to make himself of more
value, is not worth his salt.

The Bulletin would base its opposi-
tion to the appeal for a raise in salary
on slightly different grounds, but there
is no shadow of turning in conclusion.

Success of County administration is
found in the increased amount of
work that can be done for the people
and the speed, efficiency and economy
with which it is accomplished.

Failure will be written all over

County government if it resolves itself
into a medium of providing diverse
and sundry people with a steadily
growing income from public sources.
The Hilo paper says well, when it
censures the citizens and public offi-
cials of Hawaii County that "the idea
that public office is a private snap-
shoot to be eradicated even here in
Hawaii."

There is no question that the
scheme of big pay for each time a man
turns around in the alleged interests
of the "Government" was worked to
a finish in the days when Hawaii was
under the "best government on earth."
The crowd that drew down the money
under the lovely centralization is the
first to cry out "Graft" when its ex-
ample is followed. But this furnishes
no reason for the people of the pres-
ent day under a fairly civilized decen-
tralized government following a bad
example.

The Legislature of the Territory of
Hawaii should pigeon-hole every propo-
sition brought before it to raise the
salaries of County Supervisors, and
with a very few extraordinary excep-
tions, the salary of any County officer.

UNHAPPY LANGUAGE

Editor Evening Bulletin:—In setting
forth the intentions and scope of the
Educational Committee of the Civic
Education, Mr. P. L. H. whom we
take to be its spokesman, is unhappy,
unwittingly so no doubt, in his use
of language.

He says: "The Superintendent of
Public Instruction gladly co-operates
in every way with the Commission."
"etc., etc."

This language might lead the criti-
cal and uncharitable to suppose that
the Committee is the whole thing and
the Superintendent of Public Instruc-
tion and the Commissioners of Educa-
tion the subordinate thing—the appen-
dage to be wagged by the chief part of
the animal.

Knowing the character and civic
virtues of the gentlemen composing
this committee, it is not for a moment
to be inferred that the language is a
correct reflex of their intentions. But
would it not have been more in ac-
cordance with the fitness of things to
say that the committee of the Civic Fed-
eration would co-operate with the Su-
perintendent of Public Instruction and
the Commissioners of education in
their laudable but difficult efforts to
put the schools on a still higher level?

POLITICS AND GAMBLING

Editor Evening Bulletin:—The an-
nouncement made by the present in-
cumbent of the police department of
the County of Oahu prohibiting the
use of politics by those who are direct-
ly under his control save himself as an
elective officer at this early stage of
his administration is indeed a neat
little bit of farce.

Anyone who is endowed with the
use of common sense and who knows
how long laukae had attempted to
raise himself from the fall he had
made three or four years ago by sever-
ing his connection from the Republi-
can party would know almost to a cer-
tainty that such pretenses and espe-
cially when it emanates from a man
who has nothing else to think of but
to better his own condition like laukae,
is unreliable. Laukae knew full well
before assuming responsibilities of his
office that the men who are about and
are to receive his benedictions are
men deeply interested, bodies and
souls, in politics regulated by one com-
mon body the "Democratic Machine";
not only that he owes his election
through the united efforts of his new-
ly adopted father, the Democratic party,
and the ignored Achi's Party (La-
bor Party).

Why make such despicable rules? Sim-
ply this: "laukae wants to make the
by-gone good." Each and every one
of the men he appoints in office is a
member of either the Democratic Club
or its Central Committee and they, if
there is any sincerity in laukae's re-
quest, should have been made to give
up their party affiliation, whether Dem-
ocratic, Republican or otherwise be-
fore they are commissioned to office.
Laukae's recent visit to the Chief Ex-
ecutive officer and the several Terri-
torial officers proves the correctness
of the above assertions.

Another bit of farce is the continual

by the "Tiser" before election that
if Laukae is elected Sheriff of the
County of Oahu, gambling will be
checked and women will be prevented
from going into saloons. Why, Lord
Heaven! gambling is still going on in
full blast and women are still enjoy-
ing many a pleasant night in the sa-
loons.

Although this is the 6th day of Lau-
kae's and Taylor's creation not a sin-
gle case of gambling or of saloon-go-
ing women have they arrested. What's
the matter Tiser-Taylor, have you
gone into a trance or have you forgot-
ten the usual gambling song of grand-
ma "Tiser or have you not yet awoke
from your nightmare slumber? Hah!
Ha! Bosh! Why not ask grandma
"Tiser to assist you in all your un-
dertakings and also ask her blessings
that you may succeed in all your ar-
rests of gambling and saloon-going
women? Every little bit helps.

GLARE WAS SEEN ON ISLAND OF MAUI

(Special to The Bulletin)
Wailuku, Maui, Jan. 11.—At mid-
night Wednesday or early Thursday
morning the glow from the volcano on
Mauna Loa was plainly seen from Wai-
luku. Editor Coke of the Maui News
was one of the fortunate ones to see
the grand sight of a mountain on fire
150 miles away. Mrs. J. H. Raymond
saw it and thinking that it might be
some house on fire at the Ulupalakua
ranch rang up central and was told
that the glare was from the volcano on
Hawaii.

Some of the skeptical ones would not
believe the report at first until apprised
by wireless today of the outbreak on
Mauna Loa.

London, Dec. 29.—Intelligence from
Pietmaritzburg states that Dingizulu,
the paramount Zulu chief, of Natal,
has been arrested and imprisoned for
high treason.

PROMINENT HOSPITALS SAY PE-RU-NA DOES WONDERS IN RELIEVING ALL CATARRHAL DISEASES.

SISTERS OF THE GOOD SHEPHERD, MONTREAL.

HOSPITALS ALL OVER THE CONTINENT FIND PE-RU-NA VALUABLE IN TREATING ALL CATARRHAL DISEASES.

CATARRH of the respiratory organs
is a common ailment in Canada for
at least two-thirds of the year.

This condition is no doubt caused by
the long, severe winters experienced in
this part of the continent.

Therefore, when Peruna was dis-
covered by Canadian people to be a re-
liable remedy for these catarrhal dis-
eases, it at once became a popular medi-
cine, not only among individuals and
in families, but in the great hospitals,
where it was used as a preventative and
relief in hundreds of cases.

These institutions do not hesitate to
give their endorsement of the remedy
which has been so helpful in the treat-
ment of their poor and sick.

Among these institutions is that of
the Sisters of Good Shepherd, who gave
the following endorsement:

**The Peruna Company,
Columbus, Ohio.**
Having used Peruna for the past few
months, for our sick and poor, we are
happy to say that it has given us great
satisfaction.

**The Sisters of the Good Shepherd,
August 20, 1903.**
After a continued use of the remedy,
this institution has found no reason to
change its good opinion of the remedy
and expresses its satisfaction in the fol-
lowing terms:

"A young girl, 15 years old, had an
obstinate cough, which half a bottle of
Peruna caused to disappear."
"As to myself, two bottles have con-
vinced me that Peruna is a magnificent
as a tonic."

For special directions everyone should read "The Ills of Life," a copy
of which is for sale by the following druggists and will supply the retail trade

HAD MANY AILMENTS

Kamuela, Hawaii, Jan. 12.—Mrs. S.
Mahuku Spencer, the wife of the hos-
keeper of the Parker ranch, South Ko-
hala, has been seriously indisposed
since last November, but is now rap-
idly recovering. It seems that after
the initial fever following confinement,
she has been a victim of various com-
plications and received the attendance
of quite a number of physicians from
various parts of the island. Cold wa-
ter sponging for this fever was follow-
ed by bronchitis, bronchitis by pleu-
risy, pleurisy by an effusion, effusion
by an empyema and the empyema evi-
denced itself in an abscess. These
complications were somewhat puzzling
until the final unmistakable condition
was ended in appropriate treatment
and she is now on the way to re-
covery. Dr. Atcherley of North Kona,
who performed the necessary opera-
tion, has been retained to remain with
the patient for a week or two. He is
a brother-in-law of Mrs. Spencer's.

DICK DID NOT FIGHT

The San Francisco Chronicle of Jan-
uary 5 has the following to say about
Dick Sullivan and a match which he
did not get:

The George Murray-Dick Sullivan
go did not materialize. Murray re-
fused to fight, stating that he had agreed
to fight only on condition that Sulli-
van make a side bet. The club an-
nounced that Murray had made a de-
mand for more money than he had
agreed to accept and when it was re-
fused, he would not go on.

MAUI TAKES SHOT

THROUGH IMPROVEMENT CLUB
AT LANAI EXCHANGE

(Special to the Bulletin)

Wailuku, Maui, Jan. 11.—The Wai-
luku Improvement Association held its
annual meeting yesterday and elected
the following officers for the ensuing
year: R. A. Wade, president; D. H.
Davis, vice president; Chas. Wil-
cox, secretary, and C. D. Lufkin, treas-
urer.

For executive committee: Messrs. W. H.
Robinson, J. N. S. Williams, D. H.
Cane, W. A. McKay, D. L. Meyer, Hugh
M. Cole and Geo. Wright.

After disposal of routine matters,
Senator Cochran brought up the matter
of the Lanai land exchange.

Judge McKay took the floor and ex-
pressed himself strongly against the
proposed land exchange. He thought
the sale of the land would deprive the
Territory of quite a tidy annual sum in
the shape of rents as it was to be ex-
changed for non-revenue producing
property, and on general principles
such tracts of government lands should
be held for settlers who would take up
said lands for homesteads and the re-
sulting business from home builders
would be of more benefit to the country
at large than the present plans.

Editor H. M. Cole of the Maui News
said that the reason for opposing the
exchange is not so much in the giving
of the land to one individual as in the
object of it. It was simply a case of
taking the value of public lands located
in the County of Maui for the benefit of
Honolulu schools, nothing in it for
Maui schools. It was a case of all for
Honolulu and nothing for Maui. The
matter was then referred to the execu-
tive committee of the Association.

R. W. Shingle returned from a trip
to Hilo in connection with the Kona
lumber industry today.

There is, according to an explorer,
a large and fierce South American
spider which chases men if they come
too near its lurking places. On one
occasion he was pursued by one, "Rid-
ling" as an easy trot over the dry
grass," he writes, "I observed a spider
pursuing me, leaping swiftly along
and keeping up four inches of my hand
when I flung the whip from me." —
